

Louisville Water Company

Wellhead Protection Plan Update

May 1, 2014

Louisville Water Company
550 S. Third Street
Louisville, KY 40202
502-569-3600

Table of Contents

ATTACHMENT 1 – LOCATION OF COLLECTOR WELLS

Location of the Collector Wells	1-1
Figure 1.1 Location of the Wellhead Protection Area	1-2
Figure 1.2 Construction of the Collector Wells	1-3
Figure 1.3 Construction of the Collector Wells and the Tunnel	1-4

ATTACHMENT 2 – WATER WITHDRAWAL RATES

Water Withdrawal Rates	2-1
Water Quality	2-1
Figure 2-1 Water Quality of Tunnel/Well System Since 11/30/2010	2-1
Table 2-2 Historical Source Water Quality Results	2-2

ATTACHMENT 3 – WELL LOGS AND OTHER INFORMATION

Well Logs and Other Information	3-1
General Construction Diagram	3-2

ATTACHMENT 4 – LOCAL PLANNING TEAM

Local Planning Team Members	4-1
Delineation of the Wellhead Protection Areas	4-2

ATTACHMENT 5 – DELINEATION OF WHPA

Delineation of the Wellhead Protection Areas	5-1
Delineation Report, DS&A	attached

ATTACHMENT 6 – MAP OF THE WHPA

Map of the Wellhead Protection Areas	6-1
--------------------------------------	-----

ATTACHMENT 7 – POTENTIAL CONTAMINANTS

7.1	Potential Contaminants Identification Map	7-1
Figure 7.1	Location of the WHPA, Collector Wells, Surface Water, and Results of the Risk Analysis	7-1
7.2	Classification of Potential Contaminant Properties	7-4
Table 7.2.2	General Location of Property Types	7-4
Table 7.2.1	Classification of Potential Contaminant Properties	7-5
Figure 7.2.1	Percentage of Properties in the WHPA	7-6
Table 7.2.3	Commercial Property Types and Locations	7-8
Figure 7.2.3	Map of the Types of Land Use within the WHPA	7-8
Table 7.2.4	Commercial Properties	7-9
7.3	General Overview of Potential Contaminant Sources – Point Source Pollutants	7-10
	<u>Facility Records Data</u>	7-10
Table 7.3.1	Listing of Sites with Facility Records	7-11
	<u>Water Wells</u>	7-12
Figure 7.3.1	Locations and Types of Water Wells	7-12
Table 7.3.3	Water Wells Found within the WHPA	7-13
Table 7.3.4	Well Label Designations	7-19

	<u>Heating Oil Tanks</u>	7-19
Table 7.3.5	Heating Oil Tanks within the WHPA	7-20
	Underground and Above Ground Storage Tanks	7-20
Table 7.3.2	Location of Heating Oil Tanks, Underground Storage Tanks, And Above Ground Storage Tanks	7-20
	<u>Medical Facilities</u>	7-21
Figure 7.3.4	Map of the Medical Facilities within the WHPA	7-21
	<u>Toxic Chemicals</u>	7-21
Figure 7.3.4	Map of the Medical Facilities within the WHPA	7-21
Figure 7.3.6	Location of the Sites with Toxic Materials Storage	7-21
Table 7.3.6	Toxic Chemicals Stored with the WHPA	7-22
Table 7.3.7	Sites with Toxic Chemical Storage \geq 55 gallons	7-23
Figure 7.3.5	Graph Showing Disbursement of Toxic Chemical Sites Per Property Type	7-25
	<u>Swimming Pools</u>	7-25
Table 7.3.8	Locations of Known Swimming Pools and Hot Tubs	7-26
Figure 7.3.7	Location of the Swimming Pools and Hot Tubs	7-28
Figure 7.3.8	Distribution of Swimming Pools and Hot Tubs	7-29
	<u>Natural Gas Pipelines</u>	7-29
7.4	General Overview of Potential Contaminant Sources – Non-Point Source Pollution	7-30
	<u>Septic Systems</u>	7-30
Table 7.4.1	Septic Systems in the WHPA	7-31
Table 7.4.2	Percentage of Distribution of Septic Systems by WHPA	7-40
Figure 7.4.2	Location of the Septic Systems within the WHPA	7-40
Table 7.4.3	Distribution of Septic Systems within the WHPA	7-41
	<u>Lawn Care</u>	7-41
Table 7.4.5	Percentage of Lawn Care Professional Maintenance Per WHPA	7-42

	<u>Pest Control</u>	7-42
Figure 7.4.3	Lawn Care Usage in the WHPA	7-42
	<u>Marinas</u>	7-43
Table 7.4.6	Locations of Marinas within the WHPA	7-44
Figure 7.4.4	Location of Boat Docks within the WHPA	7-44
	<u>Road Maintenance and Salt Usage</u>	7-45
	<u>Poor Housekeeping/Debris</u>	7-45
Figure 7.4.5	Area of High Salt Usage in the WHPA	7-45
Figure 7.4.6	Location of Sites with Poor Housekeeping	7-45
Table 7.4.7	Distribution of Properties with Poor Housekeeping Practices by Property Type	7-46
Table 7.4.8	Distribution of Properties with Poor Housekeeping Practices within the WHPAs	7-46
	<u>Restaurants</u>	7-47
Table 7.4.8	Distribution of Restaurants within the WHPA	7-47
Figure 7.4.7	Location of Restaurants within the WHPA	7-47
	<u>Floods</u>	7-47
Figure 7.4.8	Map of the Potential Flood Areas of the WHPA	7-48
Table 7.4.11	Distribution of Properties That May Flood During a Flood Event	7-49
	<u>Construction</u>	7-49
Figure 7.4.9	Construction Areas within the WHPA	7-49
	<u>Population Density</u>	7-49
Figure 7.4.10	Areas of Higher Population Density within the WHPA	7-49
7.5	Site Interviews	7-50
	<u>Residential Properties</u>	7-50
Figure 7.5.1	Example of Postcard Information Request	7-50
	Postcard and Flyer	7-50
Figure 4.5.2	Areas of Delivery of Postcards	7-50

	<u>Commercial, Government, Agriculture, and Other Properties</u>	7-51
	Table 7.5.1 Sites Slated for Site Interviews	7-52
7.6	Risk/Susceptibility Analysis	7-58
	Table 7.6.1 General Land use Criteria for Susceptibility	7-59
	Table 7.6.2 Risk Values for Land Use Activities	7-59
	<u>Contaminant Value</u>	7-60
	Table 7.6.3 Values Used in Proximity Rating	7-60
	<u>Hydrologic Sensitivity Value</u>	7-60
	<u>Other Factors</u>	7-60
	Table 7.6.4 Contaminant Value Rating for Potential Contaminant Sources Land Use Activities	7-62
	<u>Risk/Susceptibility Analysis Table</u>	7-64
	Table 7.6.5 Contaminant Rating and Property Risk	7-64
	<u>Review, Modification, and Update Procedures</u>	7-65
	<u>Additional Tables</u>	7-66
	Water Wells within the WHPA	7-66
	Heating Oil Tanks	7-71
	Medical, Restaurants, Agriculture, and Other Facilities	7-73
	Toxic Material Storage	7-74
	Swimming Pools and Hot Tubs	7-78
	Septic Systems	7-80
	Potential Flood Properties	7-89
	Properties that Use Lawn Care/Pesticides	7-97
	Marinas and Boat Docks	7-121
	Sites with Poor Housekeeping	7-122
	Risk/Susceptibility Analysis	7-124

ATTACHMENT 8 – MANAGEMENT STRATEGIES

8.1	Introduction	8-1
	<u>Management Committee</u>	8-2
8.2	General Management Strategies	8-2
	Table 8.2.1 Management Strategies Discussed by the Management Committee	8-3
8.3	Existing Contaminant Source Management Programs	8-5
	Table 8.3.1 Current Regulations or Practices Operating to the Benefit of the WHPP	8-5
8.4	Current Zoning within the WHPA	8-9
8.5	WHPA Protection Levels	8-10
	Table 8.5.1 WHPA Protection and Emergency Response Levels	8-11
8.6	Prioritization of Potential Contaminants	8-12
	Table 8.6.1 Priority Ranking of General Potential Contaminants	8-12
	Table 8.6.2 High and Medium Priority Contaminants	8-14
8.7	Aboveground and Underground Heating Oil Tanks	8-15
	Table 8.7.1 Location of Heating Oil Tanks per WHPA	8-16
	<u>Modes of Contamination</u>	8-17
	<u>Existing Laws and Regulations</u>	8-17
	<u>Management Plan</u>	8-18
	<u>Estimated Costs</u>	8-19
	Table 8.7.3 Estimated Costs for Home Heating Oil Tank Testing/Abandonment	8-19
	<u>Public Outreach and Education</u>	8-20
8.8	Domestic Wells and Monitoring Wells	8-21
	Table 8.8.1 Number of Wells per WHPA	8-23
	<u>Modes of Contamination</u>	8-24
	<u>Existing Laws and Regulations</u>	8-25

	<u>Management Plan</u>	8-30
	<u>Estimated Costs</u>	8-31
	<u>Public Outreach and Education</u>	8-33
8.9	Septic Systems	8-34
	Table 8.9.1 Septic System Risk/Susceptibility Analysis	8-35
	<u>Modes of Contamination</u>	8-36
	<u>Existing Laws and Regulations</u>	8-37
	Table 8.9.2 Minimum Distances from a Septic System	8-38
	<u>Management Plan</u>	8-39
	<u>Estimated Costs</u>	8-41
	Table 8.9.4 Estimated Costs	841
	<u>Public Outreach and Education</u>	8-41
8.10	Existing Transportation Corridors	8-42
	<u>Modes of Contamination</u>	8-44
	<u>Existing Laws and Regulations</u>	8-45
	<u>Management Plan</u>	8-45
	<u>Estimated Costs</u>	8-48
	<u>Public Outreach and Education</u>	8-48
8.11	Home and Agriculture Pesticide/Fertilizer Application	8-48
	Table 8.11.1 Kentucky Fertilizer Consumption, 1996	8-50
	<u>Source Reduction Grant</u>	8-52
	<u>Modes of Contamination</u>	8-53
	<u>Existing Laws and Regulations</u>	8-53
	<u>Management Plan</u>	8-56
	<u>Estimated Costs</u>	8-57
	<u>Public Outreach and Education</u>	8-57

8.12	Recreational Boating and Marinas	8-60
	<u>Modes of Contamination</u>	8-63
	<u>Existing Laws and Regulations</u>	8-63
	<u>Management Plan</u>	8-65
	<u>Estimated Costs</u>	8-66
	<u>Public Outreach and Education</u>	8-66
8.13	Underground Storage Tanks	8-68
8.14	Other Potential Contaminants	8-70
	<u>Dry Cleaners</u>	8-70
	<u>Restaurants</u>	8-71
	<u>Paint/Hardware Stores</u>	8-71
	<u>Medical Facilities</u>	8-72
	<u>Swimming Pools</u>	8-72
	<u>Beauty/Nail Salons</u>	8-72
	<u>Jewelry Manufacturing</u>	8-73
	<u>Grocery and Convenience Store</u>	8-73
	<u>Custom Print</u>	8-73
	<u>Debris</u>	8-73
	<u>Agriculture</u>	8-75
	<u>Nursery</u>	8-75
	<u>Photography Studios and Development</u>	8-77
8.15	Groundwater Monitoring Plan	8-77

8.16	Public Education and Outreach	8-78
Table 8.16.1	LWC In-house Forms Used During Development of the Plan	8-79
Table 8.16.2	Partial Listing of Web Sites Used to Develop or Locate Educational Materials	8-80
Table 8.16.3	LWC’s WHPP In-house Publications	8-80
Table 8.16.4	Other Educational Materials	8-80
Table 8.16.5	Target Audiences for Educational Materials	8-81
Table 8.16.6	Materials Used for Other Purposes	8-84
8.17	Review, Modification, and Update Procedures	8-87

ATTACHMENT 9 – Contingency Planning

9.1	Introduction	9-1
9.2	Existing Emergency Planning	9-1
Table 9.2.1	Specific Emergencies/Disasters Discussed within The Metro EOP or the LWC ERP	9-2
Table 9.2.2	Radio and Television Broadcast Stations to be Contacted in an Emergency	9-4
9.3	Alternative Long-term and Short-term Water Suppliers	9-5
9.4	Review and Update	9-5
9.5	Identification of Future Problems	9-6

ATTACHEMENT 10 – PUBLIC NOTICES

ATTACHMENT 11 – PUBLIC COMMENTS AND RECORDS
