Mailing Address* (for water bill) City:

State: Zip: Phone No.*() Cell Phone No.*()

Service Address* City: County* Zip:

Subdivision Lot No. No. of units: Plumbing Permit No.

Beginning January 1st, 2023, a utility customer is only eligible for the residential exemption for service(s) used at his or her place of domicile, as defined under KRS 139.470 (7). Place of domicile is "the place where an individual has his or her legal, true, fixed, and permanent home and principal establishment, and to which, whenever the individual is absent, the individual has the intention of returning". Please make a selection in the proceeding checkbox to indicate Declaration of Domicile between the Account Holder and Service Address.

Yes, I declare the Service Address above is the place of domicile. No, I declare the Service Address above is NOT the place of domicile.

All applications are REQUIRED to have a PLUMBING PERMIT (exception to Fire Services) and PLOT or UTILITY SITE PLAN for Residential, Commercial, Irrigation, and Fire Services, including common areas and signature entrances.

LOCATION CARD INFORMATION*

(SKIP this section if ordering Irrigation Retrofit only)

List the letter that best describes the desired service location (see graphic to the right):

A Meter Location Card will be provided to be placed in the desired meter location. Meters are installed in vaults located in the right-of-way or public easement area as near as possible to the customer's property line. Service should be installed in a service sleeve if present. For a corner lot, service will be installed on the side of the property closest to the water main unless customer has paid for actual cost of installation. Absence of the stake card will result in the location designated on this application. Louisville Water is not responsible for facilities on private property.

Email Address for Electronic Stake Card:

By signing this application, you as owner, or duly authorized agent of the owner of the property hereby agree to all terms and conditions of Louisville Water's Service Rules and Regulations. In reviewing the service application for hydraulic capacity, Louisville Water is only reviewing its ability to comply with regulatory requirements and maintain its distribution system facilities. Louisville Water is not responsible for the design of the service including its size nor the adequacy of pressure. Applicant agrees to reimburse the Company for the actual cost of any repairs to Louisville Water facilities damaged as the result of Applicant's actions or omissions. Any additional charges or refunds on accounts will be directed to the person or business named as the account holder. Fees must be paid at the time of application. Water Service Charges will accrue upon installation. Louisville Water's Service Rules and Regulations and Tariff, Rate Schedule and Customer Fees and Charges are available at www.louisvillewater.com.

PUBLIC FIRE HYDRANT FEES			
6" Public Fire Hydrant		FEE IS ESTIMATED	SDC & TAPPING FEES DO NOT APPLY

(1) Service Charge is dependent on meter size and will be assessed on each water bill

(2) Applies to all new water service connections (defined as a new tap on a water main) except for relocation of existing service taps and fire service taps.

(3) Use restricted: 1) Each unit owns land beneath them & easements recorded on plat for units not fronting ROW w/ WM, 2) Prop. Assoc. owns land but ea. unit owner pays own water bill, 3) parcel has more than 1 dwelling w/ separate addresses (pre-approval req'd for all options)

** For non-typical service installations, Louisville Water reserves the right to charge the actual costs of installations (e.g. rock, multi-lane roads, etc.)

Additional Notes:

A. Plumbing Permits are required for ALL domestic and irrigation services (Residential and Commercial Services), including retrofits.

B. Plot/Site Plans, Utility Site Plans, or applicable maps with proposed meter location marked are required for ALL Domestic, Irrigation, and Fire Service (exception to Irrigation retrofits).

C. Additional Tapping Fees may apply to the cost of Service Installation.

D. The water main must be placed in service before an application will be processed. If the main is not in service, the application will be returned.

E. All fees must be verified by a Service Application Associate before application will be processed.

Please email newserviceapplications@louisvillewater.com to verify eligibility and costs.
